

We offer full-line catering which allows you to select your menu and we take care of the rest including the serving and clean-up. We also offer a full line ala carte menu where we prepare and deliver your meal ready to serve. Either menu gives you the freedom to enjoy your event and your guests and we'll take care of the rest.

Keep us in mind for your next wedding, graduation, family reunion, class reunion or any event that brings people together for good food and good times
